

APPOINTMENT of HEALTHCARE SURROGATE and LIVING WILL

I,, want to choose how I will be treated by my healthcare
providers. If I am unable to communicate or make my healthcare decisions because of illness or injury, I want my healthcare providers, healthcare surrogate (HCS) and loved ones to follow this living will.
 In the event that I am unable to communicate or make my medical decisions, my HCS may: Talk to my healthcare providers and have access to my medical information Authorize my treatment or have it withdrawn based on my choices Authorize transportation to another facility Make decisions regarding organ/tissue donation based on my choices Apply for public benefits, such as Medicare/Medicaid, on my behalf
PART 1: CHOOSE A HEALTHCARE SURROGATE (HCS)
In the event that I am unable or unwilling to communicate or I am incapable of making my decisions about receiving, withholding or withdrawing medical procedures or other treatments, I designate my healthcare surrogate (HCS) to make choices for me according to his/her understanding of my choices and values.

If I initial here my HCS's authority to receive my health information takes effect immediately. (upon signing this document)
If I initial here my HCS's authority to make healthcare decisions for me takes effect immediately. (upon signing this document)

While I am able to make my own decisions, my choices will determine the kind of medical treatment I will receive. My healthcare providers will clearly communicate with me about my treatment and any changes even if I allow my HCS to make decisions immediately.
